## ***Executive Summary***

### **City Updates Single Family Residential Development and Tree Ordinance Regulations**

Have you been considering a remodel or expansion project for your home? Have you heard that Belmont's residential construction process can be challenging and complicated?

We want you to know that these standards have changed and we're here to help you through the improvement process.

In an effort to provide homeowners with a more streamlined, affordable and predictable process while maintaining reasonable zoning requirements, the City recently updated the single family residential development and tree ordinance regulations. This effort was initiated in March 2014 - and after more than a year of concentrated evaluation, significant public input, and numerous (over 10) public meetings, revisions were approved last month. New parking, secondary dwelling unit, and floor area regulations go into effect later this month while an updated residential development review process and tree regulations are anticipated to be effective in August of this year.

While these modifications are significant they do not allow for building at a greater density or in places that were not previously permitted. It is also important to note that all of the hillside preservation measures are maintained and these changes do not relax regulations for building in the Hillside Residential Zoning Districts (i.e. San Juan Canyon area).

Please use the link below to view the approved Amendments or just go to the Community Development Department's homepage on the City's website at [www.Belmont.gov](http://www.Belmont.gov) for more information.

### **"Your Voice...Your Belmont"**

The City's continues its public outreach efforts, as staff works with the Council to engage the community in a conversation on local service needs in Belmont. In the very near future, a mailer will be sent to residents regarding the ability of the City's budget to address Belmont's local service needs. (See below)

There will also be an upcoming neighborhood coffee meeting in the Central neighborhood on Monday, June 22<sup>nd</sup> to keep the community informed and involved in these efforts. Do you have an upcoming meeting you'd like us to attend? Please call (650) 595-7408 to schedule a brief presentation. All community members are encouraged to continue contributing feedback on their top priorities for Belmont by taking part in our Community Survey - "Your Voice...Your Belmont", available online at [www.belmont.gov/survey](http://www.belmont.gov/survey).

# City Budget Update

## Dear Neighbor,

On June 9th the Belmont City Council adopted a balanced budget for fiscal year 2016 that supports local services. However, budget discussions recognized that the City's current revenues cannot address all of Belmont's service needs.

Over the last few months 2,000 residents have provided feedback on their priorities for local services, including:

- ✓ Fixing streets and sidewalks
- ✓ Repairing storm drains
- ✓ Maintaining 9-1-1 emergency response times
- ✓ Maintaining parks, open space and sports fields

Unfortunately the City's existing resources are not sufficient to address critical community priorities. In fact, there are over \$190 million in needed repairs to roads, storm drains and other infrastructure that have been put off for many years. Given our current resources the City is unable to adequately fund these improvements in the current annual budget.

The magnitude of these needs poses a threat to the City's long-term financial well-being and to the recent progress we've made in stabilizing operations. The \$15.5 million in State takeaways from Belmont over the past 20 years has only made it harder to address local service needs.

We thank the community for your input and are working to develop a fiscally responsible plan to appropriately address these and other local service needs. To learn more, visit the City's website at [www.belmont.gov/survey](http://www.belmont.gov/survey).

Sincerely,

**GREG SCOLES**  
Belmont City Manager

# Questions and Answers About Belmont's Local Services

**Q: How does the City prioritize 9-1-1 response?**

**A:** Over half of the City's General Fund budget goes to public safety – helping to maintain rapid 9-1-1 response times.

**Q: Can we fix all those potholes?**

**A:** Belmont's roads are the worst in the County and rank in the bottom 7% of the entire Bay Area. Many neighborhood streets are deteriorated and riddled with cracks. Unfortunately the City can only make piecemeal repairs, which are not enough to prevent road conditions from further deteriorating.

**Q: How can we protect water quality in local creeks and the Bay?**

**A:** Many of Belmont's storm drains are over 50 years old, rusted through, and inadequate to deal with major storms and protect water quality. Improving local storm drains will reduce runoff and help prevent associated pollutants from entering local creeks and the Bay.

**Q: Can we maintain local parks and sports fields?**

**A:** Not as well as we would like. Keeping local parks and sports fields safe places to play for children is a challenge given the City's resources.

**Q: Can these needs be addressed?**

**A:** Over the last 20 years, the State has taken \$15.5 million from Belmont. This has left the City with repairs and improvements for our roads, storm drains, parks and more that Belmont's current budget cannot address.

## Leadership: Redwood City, Belmont, Menlo Park, San Carlos

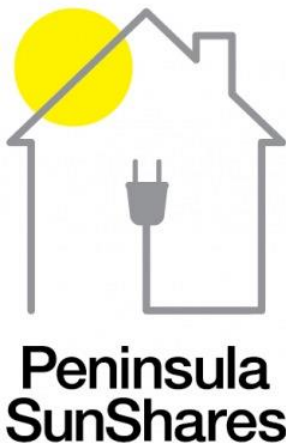

Every year the Redwood City San Mateo County Chamber conducts a ten-month leadership program to provide an opportunity for face-to-face meetings and hands-on workshops with experts and key decision makers. Participants will learn about timely and relevant issues of vital concern to their city; and learn how they can effectively shape the future of their community, their organization, or their business.

- Participants will gain a broader understanding of their community and how it functions as they are introduced to influential community leaders.
- Participants will acquire valuable information and access to resources, which will aid them in their work and civic engagement.
- Participants will have the opportunity to create a positive presence and identify themselves, their business or organization as partners to the community.

If you are interested in becoming a more effective leader and want to be considered for this valuable program you can find more information [here](#).

This past year the City of Belmont had two participants who found the program to be extremely rewarding. Here's what one had to say:

*"I want to thank you for a spectacular experience. As I've progressed in my career to my current position, I have taken more classes and done more training than I can keep track of. The Leadership Program has been, not only applicable, but absolutely invaluable. I'm sure that the lessons learned and the networking done will benefit me and those I serve for the rest of my career."*

### **Peninsula SunShares**

The City hosted a community meeting for Peninsula SunShares on June 4<sup>th</sup> which was well-attended. So far, Belmont has 7 registrants through this program. Peninsula SunShares will be holding a workshop in San Carlos on June 20<sup>th</sup>. Those who are interested can learn about the basics and benefits of solar, discounted pricing and range of financing options, and check out demonstrations. To date, more than 526 residents have signed-up for the program with over 50 contracts in process. The workshop will be held at the San Carlos Library, 2<sup>nd</sup> Floor from 9:30 am-12:30 pm.

# Public Safety

## **Vegetation Management Program Public Outreach**

The Belmont Fire Department provided two informational meetings on their Vegetation Management Program on Wednesday, June 3<sup>rd</sup> and Saturday, June 6<sup>th</sup>. During each session fire representatives showed examples of the threat we face here in Belmont and provided materials on understanding the threat, creating defensible space on personal property and state & local laws governing compliance. As part of their continuing outreach efforts, the department encourages neighborhood associations and other civic organizations to contact them at (650) 595-7492 to schedule a time for personnel to come out and present information on this very important program.

## **National Night August 4, 2015**

For More Information and how you can participate contact Belmont Police Officer Joe Lorenzini: [jlorenzini@belmont.gov](mailto:jlorenzini@belmont.gov)

NNO was started in 1984 and is a wonderful opportunity for communities nationwide to promote police-community partnerships, crime prevention, and neighborhood camaraderie. While the one night is certainly not an answer to crime, drugs and violence, National Night Out represents the kind of spirit, energy and determination to help make neighborhoods a safer place year round. The

night celebrates safety and crime prevention successes and works to expand and strengthen programs for the next 364 days.

### **2015 Sewer and Storm Drain Improvement Project**

The contractor has installed approximately 450 linear feet of sewer pipe, and is in the process of removing and replacing two sewer manholes on Cipriani Blvd. The contractor is projected to finish work on Cipriani by end of week, June 19<sup>th</sup>.

There will be road closures to through traffic on Cipriani Boulevard between Semera Avenue and Buena Vista Avenue during project working days. The road will be reopened during evening and weekends. Residents living within closure limits, SamTrans buses, and emergency vehicles will have access at all times. Detour signs and "No Parking" signs are in place.

Once work on Cipriani has been completed the 2015 Sewer and Storm Drain Improvement Project will be substantially complete. The contractor will be working on punchlist items and extra work on lower Notre Dame next week.

For more information, please visit the [project page](#)

### **2015 Belmont Pavement Reconstruction Project- June 11th Update**

This week the contractor finished demolition for curb and gutter on upper Notre Dame. They have completed the retaining wall on Upper Notre Dame Avenue as well as approximately 100 feet of curb and gutter starting at Alameda de las Plugas.

The contractor is now forming another 200 feet of curb and gutter and will pour this concrete next week. They will also start on storm drain work along upper Notre Dame.

On lower Notre Dame they will start saw cutting prior to demolition work that will be performed by early July.

For more information, please visit the project webpage at <http://belmontpavementproject.com>

### **The 2015 Sewer Rehabilitation Project Advertised for Bids**

The City has approximately \$45 million in deferred sewer infrastructure capital projects, with \$33.9 million associated with the repair and replacement of sewer gravity lines. The City routinely video inspects existing sewer lines throughout the City to identify areas of potential deficiencies thereby preventing sanitary sewer overflows, reducing infiltration and inflow, extending the service life of the sewer lines, and complying with public health and environmental regulations. In July 2014 the City Council adopted a sewer rate plan to address the \$45 million in sewer infrastructure needs over the next 15 years. This is the first project to be implemented as a result of that plan.

The 2015 Sewer Rehabilitation Project will rehabilitate 6,690 linear feet of sewer gravity lines throughout the City at an estimated cost of \$1.8M. These priority sewer mains have been identified as having severe structural defects through the City's ongoing sewer line CCTV inspection program. This project will use trenchless technology to rehabilitate 3,250 feet of sewer mains, and will replace 3,440 feet of pipe through open trench construction. Work will also include manhole rehabilitation and sewer lateral reconnections. The bid opening is scheduled for July 1, 2015 and the project is anticipated to be completed by late 2015.

**Traffic Division**

- Weekly visual inspections for preventative maintenance of intersections
- Visual inspection of lighted crosswalks
- Banners – 2 down; 2 up
- Manufactured 12 new signs
- Conducted spot inspections of contractor installed LED street lighting throughout the city
- Trimmed vegetation around 3 street lights
- Provided electrical services to install and test new pump #1 at San Juan pump station
- Prep lights for installation/check wiring on 32 new LED lantern lights
- Changed out 27 lantern style high pressure sodium street lights to new LED street lights
- Installed 2 new signs
- Painted 8" white guideline on northbound Old County Road at Ralston
- Potholed to verify cut wires for traffic loops on Sixth Avenue @ Ralston Avenue
- Delivered 10 barricades and 2 Road closure signs on Valley View Drive
- Trimmed vegetation around crosswalk on Shoreway to improve sight distance
- Repaired pedestrian "WALK/DON'T WALK" signal at Sixth Avenue and Ralston Avenue

**Street Operations**

- Marked out 17 Underground Service Alert tags
- Dug out 27 tons of concrete, roots, and asphalt from the parking lot of Twin Pines Lane and Ralston Avenue to install a new curb and repair root damage to the asphalt
- Added 9 tons of baserock
- Graded and compacted the base and formed up the new curb
- Poured 1.5 cubic yards of concrete for replacement curb
- Put down 9 tons of hot asphalt concrete for the first lift in the parking lot

**Storm Operations**

- Performed twice-weekly inspection of Water Dog Lake roadway, dam, v-ditch, and dock
- Swept 126 curb miles resulting in the collection of 9.69 tons of debris from the roadway
- Cleaned 61 drain inlets
- Inspected 6 Drain Inlets, identifying any structural defects either internal or external
- Inspected and cleaned both Harbor and Ralston Storm Pump Station (Pictured below)

Ralston Storm Pump Station

Harbor Storm Pump Station

## **Sewer Division**

- Inspected and cleaned 11 sewer pump stations
- The service truck (205) responded to 5 service calls
- Checked and emptied 8 city garbage cans throughout the city
- Jetted (cleaned) 6,346 feet of sewer main
- Videoed 1300 feet of sewer line
- Videoed 2 private sewer laterals
- Cleaned flushable wipes from debris catcher at Ralston Ranch Sewer Pump Station (*Pictured below*)

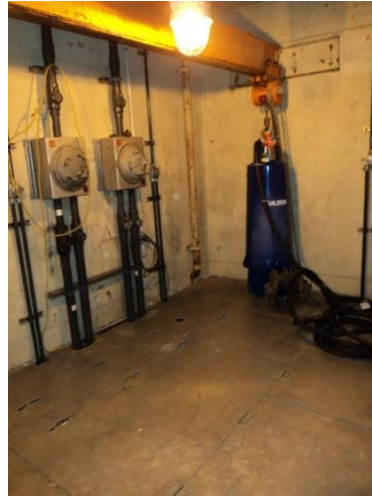

Debris catcher before cleaning (6/8/15)

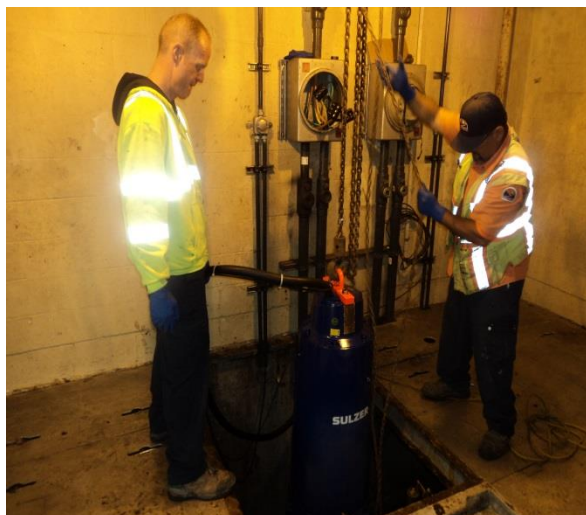

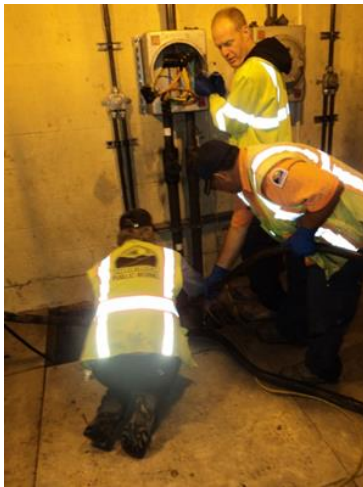

Debris catcher after cleaning (6/8/15)

- Staff removed old Flygt pump and installed new Sulzer/ABS pump at the San Juan Pump Station (*Pictured below*)

New Sulzer/ABS Pump, staff hard wiring the New Sulzer/ABS Pump

Staff lowering the new Sulzer/ABS Pump into wetwell

### The San Mateo Countywide Pollution Prevention Program

The San Mateo Countywide Pollution Prevention Program will once again participate in this year's county fair – see flyer below. Stop by the Sustainable Living Hall and learn about how you can protect local creeks, get information on less-toxic pest control, find out about upcoming litter cleanups and more.

The San Mateo Countywide Water Pollution Prevention Program Invites You to the:

**San Mateo County Fair**

---

 **Find Us in the Sustainable Living Hall!**

# Parks and Recreation

## Pizza with the Police

Delicious desserts were created by volunteer Karen Shibata. Some interactive activities took place and a good time was had by all. We hope this opportunity for community outreach between the Center and Police Department will continue as a yearly event.

## Community Service Month

engaging the students and shaping their futures.

This month is Community Service Month, parents and community members came to talk about the about their occupations. We had Belmont representations from various disciplines including Police Officer (Officer Friedman), Stanford University Research/Educator (parent), Hair Stylist (parent), Google Software Engineer (parent), and Elementary School Teacher (parent). We'd like to thank the community for

## **FireSafe**

FireSafe work crews continued clearing material from Davey Glen this week. The crews are doing valuable work by clearing away dead trees and limbs and flammable brush. The fire hazard is greatly reduced by clearing this material.

## **Playground Inspections and Maintenance**

Parks maintenance staff performed a variety of maintenance tasks throughout the playgrounds in Belmont parks this week. The playground slide in the Redwood Picnic Area at Twin Pines Park was replaced due to vandalism. The hardware on multiple swings were replaced as well. At Cipriani Play Area, playground fiber was added to the play area.

The National Recreation and Park Association offers a premier certification program in playground safety, the Certified Playground Safety Inspector (CPSI) Certification program. Belmont Parks and Recreation Department has two Certified Playground Safety Inspectors on staff. The CPSI certification program provides the most comprehensive and up-to-date training on playground safety issues including hazard identification, equipment specifications, surfacing requirements and risk management methods.

**Other Agency Announcements****Help Fight West Nile Virus by Reporting Dead Birds**

West Nile virus season has arrived in San Mateo County. While the risk of human West Nile virus infection in San Mateo County remains low, reports of dead birds are an early indication that the virus is circulating in the environment. Residents are encouraged to report fresh carcasses of birds or tree squirrels to the California West Nile Virus Hotline at [www.westnile.ca.gov](http://www.westnile.ca.gov) or by phone at 877-WNV-BIRD (877-968-2473).

West Nile virus is primarily a disease of birds. However, humans, horses, and other animals can become infected with WNV if bitten by an infected mosquito. West Nile virus cannot be spread person to person. To prevent mosquito breeding on your property, avoid mosquito bites, and reduce the risk of West Nile virus infection, follow the "Three D's":

- **DRAIN** – Mosquitoes lay their eggs on standing water. Eliminate all sources of standing water on your property, including flower pots, old car tires, rain gutters and pet bowls.
- **DAWN and DUSK** – Mosquitoes bite in the early morning and evening so it is important to wear proper clothing and repellent if outside during these times. Make sure that your doors and windows have tight-fitting screens to keep mosquitoes out.
- **DEET**– Apply insect repellent containing DEET, picaradin, oil of lemon eucalyptus or IR3535 according to label instructions. Repellents keep the mosquitoes from biting you.

For assistance with a mosquito problem in San Mateo County, contact the District at (650) 344-8592. For more information on West Nile Virus and other District services, visit us on the web at: [www.smcnvcd.org](http://www.smcnvcd.org)

## MPWD RESPONDS TO STATEWIDE DROUGHT EMERGENCY

**MPWD CUSTOMERS  
EXCEEDED THE LOCAL CALL TO  
SAVE WATER LAST YEAR, BUT...**

# There's More to Go!

The State Water Resources Control Board (SWRCB) issued 2015 regulations to address the statewide drought emergency and has called on Mid-Peninsula Water District customers to save 20%\*.

**Together, we can do it!** Mid-Peninsula Water District offers resources to help. Call 650.591.8941 or go online to learn more about water conservation tips and valuable rebate programs.

[www.MidPeninsulaWater.org/tips](http://www.MidPeninsulaWater.org/tips)

*Refer to the other side for valuable rebate programs*

### PROHIBITED ACTIVITIES DURING THE 2015 DROUGHT EMERGENCY \*\*

- ❌ Watering outdoor landscapes during and within 48 hours after measurable rainfall. **NEW!**
- ❌ Outdoor watering of ornamental landscapes or turf more than two days per week. **NEW!**
- ❌ Irrigation of ornamental turf on public street medians. **NEW!**
- ❌ Serving drinking water other than upon request in eating or drinking establishments. **NEW!**
- ❌ Outdoor landscape watering between 10 a.m. and 6 p.m.
- ❌ Landscape irrigation that causes runoff onto non-irrigated areas.
- ❌ The washing of vehicles without a positive shut-off nozzle attached to hose.
- ❌ Cleaning off driveways, sidewalks, patios, or parking areas with water.
- ❌ Operation of a non-recirculating fountain or other decorative water feature.

**NEW!**

To promote water conservation, operators of hotels and motels shall provide guests with the option of choosing not to have towels and linens laundered daily.

For more about the SWRCB's conservation regulations, please visit [www.MidPeninsulaWater.org/SWRCB-FAQs](http://www.MidPeninsulaWater.org/SWRCB-FAQs)

\*Compared to 2013 MPWD water usage. \*\*\$500 fines could apply for violations.

Please contact us with any questions: **650.591.8941**  
[mpwd@midpeninsulawater.org](mailto:mpwd@midpeninsulawater.org)

**REBATES****MID-PENINSULA  
WATER DISTRICT**

## ***Lawn-Be-Gone Rebate Program***

### **GET PAID TO TRANSFORM YOUR LANDSCAPE!**

Drought-tolerant and water-efficient landscaping conserves water, is easy to maintain, and provides long-term benefits to the environment. Our rebate amount is \$2.00 per square foot of converted lawn.

## ***High Efficiency Clothes Washer Rebate***

### **QUALIFYING WASHERS USE LESS WATER AND ENERGY.**

Apply for up to \$200 cash back on 2015 Energy Star Most Efficient Models or up to \$50 on washing machines that meet CEE TIER 3 certification.

## ***High Efficiency Toilet (HET) Rebate Program***

**RECEIVE UP TO \$100 TO REPLACE YOUR OLD TOILETS** with a new EPA Water Sense Label High-Efficiency Model. HETs perform well and use approximately 62% less water. Limit 3 rebates per residential service address or 6 rebates per commercial account.

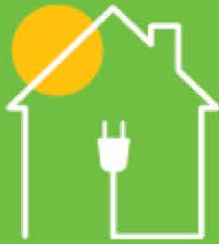

## ***Rain Barrel Rebate Program***

### **CAPTURING AND RE-USING RAIN WATER RUNOFF IS SMART.**

Receive up to \$100 per rain barrel for the purchase and installation of rain barrels. Limit two rebates per single family residence and four per multi-family residence.

Call **650.591.8941** or go online to **[www.MidPeninsulaWater.org/rebates](http://www.MidPeninsulaWater.org/rebates)** to learn more.  
Or visit the MPWD office for rebate applications at 3 Dairy Lane in Belmont.

# Peninsula SunShares

## Solar. Simple. Together.

We're celebrating the summer solstice and would like to invite you to a workshop that will help residents go solar together.

Saturday, June 20th  
9:30 am - 12:00 pm  
San Carlos Library, 2nd Fl.  
610 Elm Street, San Carlos

- Learn about the basics of solar and how you can save on your utility bill for years to come
- Meet with the programs selected solar installers
- Learn more about the discounted pricing and range of financing options
- Check out demonstrations

In the last two months more than 515 residents have signed-up for the Peninsula SunShares program with over 50 contracts in process. Nice work!

Due to overwhelming interest in Peninsula SunShares, we are excited to share that the registration deadline has been extended to July 31, 2015.

What is Peninsula SunShares? Thirteen neighboring cities throughout San Mateo County and Palo Alto have partnered to launch a solar group purchase (bulk-buy) program for homeowners.

Peninsula SunShares pools the power of individual participants to get more competitive pricing from solar companies - with an additional incentive that provides even better savings as more people contract for solar on their homes.

Research shows that people who know somebody with solar, make the choice to go solar themselves 3 times quicker. So, by bringing homeowners together through Peninsula SunShares, you can help the City and neighboring cities throughout San Mateo County build a huge solar community - faster.

Please help spread the word to your friends and neighbors. Let's #putsolaronit this summer!

For more information or to sign-up visit:

[www.mygroupenergy.com/peninsula](http://www.mygroupenergy.com/peninsula)

#### Participating Partners:

San Mateo County and the cities of Belmont, Brisbane, Burlingame, Daly City, East Palo Alto, Foster City, Menlo Park, Millbrae, Palo Alto, Portola Valley, Redwood City and San Carlos
